

Watson Hall Montessori School

Before & After School Program

Dear Prospective Parent/Guardian,

Thank you for your interest in The Watson Hall Montessori School (WHMS). The Watson Hall School seeks to encourage a love of learning in all children using the basic tenants of the Montessori Method of instruction. According to Dr. Maria Montessori, “All Victories and all human progress are dependent on the strength that comes from within.”

The Watson Hall School believes in the intrinsic power of each individual. This power begins in the womb and is developed over our lifespan. The Watson Hall School provides an interdisciplinary approach to education. Using the Montessori philosophy and curriculum we encourage an environment that supports the unique mind, body, and spirit of each child.

The Watson Hall Before and After School program provides a safe and nurturing environment for students not currently enrolled in our Montessori program. We welcome students in kindergarten through fifth grades. Program enrollment is limited, allowing students to complete homework in a quiet atmosphere. Staff members will assist students with homework questions, while providing an environment that encourages creative and independent thought. Students will have the opportunity to engage in outdoor activities and arts and crafts each week. The Watson Hall Montessori School also offers after school dance classes to students through the Ukendance Dance Company during specific times of the year. We look forward to offering programming that will continue to support your child’s growth and development throughout the day.
